Slate Parent-Teacher Meet On April 13-17

Parent-Teacher Conferences will be held at the Frederic and Grayling Elementary Schools the week of April 13-17. All conferences have been scheduled and appointments have been sent home with the students. If any parents did not receive theirs, they should call the school office to get them.

Frederic will have conferences for kindergarten and grades one, two and three on Tuesday, April 14. The Frederic fourth, fifth and sixth grades will have theirs on Wednesday, April 15.

In Grayling the first, third and fifth grade conferences will be Monday and Tuesday, April 13 and 14. Grades two, four, and six will have theirs on Thursday and Friday, April 16 and 17. The Special Education class appointments are on Wednesday, April 15. Mrs. Slater's kindergarten will have conferences on Monday, Tuesday and Wednesday while Mrs. Minor's will be Wednesday, Thursday and Friday.

Appointments start at 8:30 a.m. and go until 5:00 p.m. Students are not to go to school on the days their room is having conferences. Special letters are being sent to the parents of students who may be retained for next year urging them to make a special effort to be there.

E.D.A. Names Eight County District

Congressman Elford A. Cederberg of Michigan's Tenth Congressional District announced today that the Economic Development Administration has designated eight counties as the Northeast Michigan Economic Development District. The counties include Alcona, Alpena, Cheboygan, Crawford, Montmorency, Oscoda, Otsego, and Presque Isle.

Except for Alpena all counties in the Northeast Michigan District have been designated by EDA as redevelopment areas on the basis of high unemployment.

The City of Alpena is the growth center for the district. The district organization includes representatives of each of the eight counties. As the official planning agency for the district, it will help develop specific projects to generate new jobs and increased incomes in the area.

Congressman Cederberg stated, "The Northeast Michigan Economic Development District is now eligible for EDA grants and planning assistance."

Wait 10 Weeks Before Writing About Refund

Detroit, Mich. — Ten weeks from the date a Federal income tax return calling for a refund is mailed, the taxpayer should have either his check or a letter explaining why it is held up.

Thomas A. Cardoza, District Director of Internal Revenue for Michigan said today.

A taxpayer who has not heard about his refund should, therefore, wait ten weeks before writing IRS. Most taxpayers will find their inquiry unnecessary if they wait this long, Mr. Cardoza said.

Millions of tax returns are handled every filing season at the Central Service Center which serves Michigan taxpayers. That many returns make it practically impossible to locate a particular return and to answer any questions about it until processing cycles are complete.

If it does become necessary to write, the taxpayer should indicate where and when he filed his return and give his name, address and Social Security number, Mr. Cardoza said.

WOMAN'S CLUB

The Grayling Woman's Club will meet Monday, April 6 at the club house. A very interesting program is planned. Bruce Benson, Prosecuting Attorney for Crawford County, will give a very informative talk on "Narcotics."

Mr. Benson will be accompanied by Detective Lowell Wilds from the Houghton Lake State Police post. Detective Wilds will have some very interesting slides to show. Narcotics is a problem everyone should be vitally concerned about.

The program will begin promptly at 8 p.m. with the business meeting to follow afterwards. Anyone who is not a club member and would care to come to the program can do so by calling any of the club members.

Services Wednesday, April 1

Mike Hatfield Killed In Vietnam

Funeral services for WO1 Michael James Hatfield, who lost his life while serving his country in Vietnam on March 22, 1970, have been set for one o'clock Wednesday, April 1 at the Sorenson Funeral Home, Grayling.

The Rev. Robert Haskel and Rev. Charles L. Kolb of Saginaw, former minister of Michelson Memorial Church will officiate, with burial in Elmwood Cemetery.

Military services will be conducted by a detachment furnished by the U. S. Army. The color guard will be handled through American Legion Post 106 and V.F.W. Post 3736.

The remains arrived at Traverse City Airport at 12:04 Monday and was accompanied by his cousin, A/IC Thomas H. Hatfield, stationed in Vietnam. The body was met and escorted back to Grayling by seven Michigan National Guardsmen from Camp Grayling Detachment.

Mike, a helicopter pilot, was killed while dispatching troops from his helicopter in Vietnam on March 22 during a combat mission.

Mike was born August 17, 1948 in Grayling, to Mr. and Mrs. Harold Hatfield Jr. He had been a life long resident here. He attended Grayling Schools, graduating in 1966. He was a member of the Michelson Memorial Church.

Mike was married to the former Janet E. Stephan in September of 1968 in Grayling.

Besides his wife and parents, he is survived by one sister, Marcelene, at home, grandmother, Mrs. Harold Hatfield Sr., maternal grandparents, Mr. and Mrs. Sidney Robarge, Duluth, Minn., and numerous other relatives.

Honorable Mention

Papendick and Hartman Named

Two Grayling Viking basketball standouts this past season gained further honors last week, when they were given honorable mention on the Class C All-State team by the Associated Press.

Vern Hartman, 6'3" center, and Dale Papendick, 5'11" guard, were the two Vikings named by the Associated Press.

Both had previously been named to the first team of the Northern Lower Michigan All-League squad by the league coaches.

The Vikings finished the season with a 17-2 record, while winning the conference title, the first for Grayling in 35 years.

"Concertante" — Cary Vajda
Piano Accompanist, Becky Kangas
Glass Slipper — McIsaac
Chelsea Suite — Coleman
Tijuana Taxi — Finlayson
God and Country — Finlayson

Medical Society Program Set For Grayling In May

Because doctors find it increasingly difficult to leave their offices, the Michigan State Medical Society will bring a post-graduate educational program into Grayling in May.

"It is imperative that physicians keep up to date on the many new developments, so the Medical Society has scheduled 16 such programs this spring," explains Robert J. Mason, M.D., Birmingham, President of the Medical Society. Another series of fall programs are presented across the state in addition to several conferences held throughout the year in larger communities.

Cooperating to offer the various programs are the county medical societies, the medical schools, and the state health department.

The program will be held in Grayling May 6 at 4 p.m.

The educational effort is under the leadership of the MSMS Committee on Postgraduate Medical Education with H. A. Towse, M.D., Ann Arbor, as chairman.

Cooperative Office Education At Grayling High School

The Grayling High School is happy to announce it is offering a course in Co-operative Office Education. You may ask what is Co-operative Training? Co-operative training in Michigan Schools is an occupational training plan for in-school youth, sixteen years of age or over. It is designed to develop basic occupational competencies for later full-time employment in business occupations.

As a work-study plan, it combines class room instruction in school with supervised training. Office education is a program of education which prepares high school and college students with the necessary insight into the functions of business and related skills. This enables them to either enter the job market or advanced college work.

What are some of the advantages of the office co-op program to the student?

1. Provides a realistic learning setting in which the student may discover his true interest and abilities.

2. Develops a good understanding of employment opportunities and responsibilities through direct on-the-job experience.

3. Exposes students to basic information regarding business and office procedures needed for intelligent life choices.

4. Develops work habits and attitudes necessary for individual maturity and job competence.

5. Gives meaning and purpose to the theoretical and practice assignments presented in the school classroom.

The above are just a few of the advantages offered to students enrolled in the co-op office program.

Now let's explore some of the advantages this program offers to the community.

1. Provides an effective means of developing young people for productive citizenship in the community.

2. Increases the economic health of the community as companies are able to meet their needs for skilled workers.

3. Provides a method of introducing high school students to the local employment opportunities.

4. Encourages students to remain in the home community after graduation and promotes a more stable work force.

A student enrolled in a co-operative office education program divides his time between school and a part-time job, spending approximately half his time on each. The in-school schedule includes a balanced combination of subjects required for graduation and subjects directly related to his job activity.

Mike Hatfield Memorial Fund

It has been suggested that a fund be established for a Permanent Memorial to Mike Hatfield within the Grayling area.

The Grayling State Bank will act as the depository for cash and checks. Checks should be made out to "Mike Hatfield Memorial Fund."

His wife Janet, and parents Mr. and Mrs. Harold Hatfield will be asked to designate a fitting tribute.

Mr. and Mrs. Mike Lapka and Mrs. Mabel Wiehe returned home from Florida last Wednesday.

Chamber Plans for Spring-Summer

For the past two weeks Spring and Summer have definitely come to the office of the Grayling Regional Chamber of Commerce.

Everyday letters of inquiry reflect the thoughts of downstate and out-state people on canoeing, camping, fishing, summer vacations, and land for living in the northland.

The 1970 Crawford County Summer Guide has replaced the 1970 Grayling Is It For Winter Fun in the return mailings in answering inquiries, and rates for canoeing and when are the best hatches on the river, have replaced snow depths.

Chum Longworth of the Chamber office has advised that beginning in mid April the weekly Crawford County Recreational Activities bulletin will again be sent through the summer months to the 80 news media outlets in Michigan, Ohio, and Indiana.

This bulletin reflects the recreational activity of the county and highlights the particular activity of any given week during spring and summer. He further stated that the 24 hour snow condition report proved so popular during the winter, that a 24 hour trout fishing report will be instituted during the spring and summer months and anyone calling day or night can obtain up to the minute information regarding river conditions and hatch conditions.

The Chamber again wishes to advise all members that open weekly files are kept on all inquiries relative to canoeing and accommodations, and members in these oriented businesses can take mailing addresses from the files for direct mailing. This is an excellent opportunity to pick up plus business and only a half hour a week can give you leads that you would not have.

The National Guard dates for summer training have been given in the Chamber. June 13-27 Michigan and Ohio with 4869 personnel will be in, July 11-25 Michigan with 5390, July 25-August 8 Michigan, Ohio, Indiana with 11,493, and August 6-22 Ohio with 4173.

Summer brochures have now been sent to Travel Shows in Cincinnati, Columbus, Dayton, Indianapolis, Cleveland and Detroit. Several thousand brochures have also been sent to the Michigan Highway Dept. for distribution to Tourist Information Centers, and the first mailing to AAA Travel Centers in Michigan has been made.

Distribution of the new Crawford County Visitors Guide and Crawford County Maps will be made to all businesses in the county during April. Motel, restaurants and service stations businesses should acquaint themselves with the various things to do and places to see in the county and in this way we can entice vacationers to spend more time in Crawford County.

Besides canoeing and fishing which we are nationally known for, we have the Bear Mountain complex with the Fred Bear Museum, Little Smokey Railroad, the new Mississippi Stern-wheeler SS NORALEE, the finest riding stable Circle D with fine riding trails.

Animal Land is a nice zoological park just north of Grayling. Camp Grayling open to the public at all times and especially the military reviews are of interest to all age groups. The D.N.R. Grayling Research Station with the trout ponds are a must for any visitor, the Hartwick Pines State Park with the Interpretive Center, Lumbermans Museum, and nature trails can take several hours of the visitors time, and the interpretive lectures of Wendell Hoover usually on Saturday evenings during the summer are well worth the time.

The Grayling Sportsman Club has excellent Trap and Skeet facilities, and is open to the public Wednesday evenings and all day Sunday. The American Legion Laues have open bowling during the summer. The Grayling Country Club is open to the public for golf all through the summer and the Rialto Theatre showing first run movies is open every evening.

There is excellent swimming facilities at the Lake Margrethe camping site and several boat access sites on the lake. Don't forget the other fine small lakes in the county and they all have public access sites and some with camping sites immediately adjacent. We are blessed with a goodly number of camping sites on the lakes and on the rivers. The Guide lists the primary camp sites, and the Crawford County Map lists all camping sites in the county.

With the varied activities, our natural resources, and recreational assets we should be able to keep our summer visitors happy and content to spend more time in Crawford County.

Rep. David Serotkin To Speak Before Grayling Jaycees

While the State Legislature's Easter recess is in progress, State Representative David M. Serotkin (R-Mt. Clemens) is taking advantage of the break to fulfill a variety of speaking invitations in his 75th legislative district and other parts of the state.

During the coming week Rep. Serotkin will be participating in two meetings on senior citizen problems, delivering three speeches on environmental legislation, and having discussions with separate groups on private roads and private schools.

On Monday, April 6, Rep. Serotkin will speak before the Grayling Jaycees, at the Elementary School, at 7:30, on continuation of statewide campaign to build public support for his package of environmental legislation as well as the "Day in May" youth clean up projects he is sponsoring.

Jim McNeely, Democratic State Chairman, will be in Grayling, Saturday, April 18, for a meeting to be held at the Polyhedron at 8:30 a.m. All concerned Democrats are urged to attend. Coffee and rolls will be served.

Mrs. Beniah Moore returned home last week after spending the winter in Mesa, Arizona.

Becky Kangas Girl's State Choice

The Grayling American Legion Women's Auxiliary has announced that Miss Becky Kangas has been selected to attend Wolverine Girls' State this summer, June 14-21, held on campus of Eastern Mich. University, Ypsilanti. Miss Kangas is the daughter of Mr. and Mrs. Don Kangas of Lake Margrethe.

Wolverine Girls' State is sponsored annually by the American Legion Auxiliary in order to promote good citizenship among young people. Candidates are selected for qualities of character, intellectual ability, enthusiasm, honesty, leadership, and the ability to get along with others. The fundamental purpose of the program is to develop the responsibility of leadership by providing practical experience in the problems of self-government as operated in Michigan. Though not designed to take the place of political science or government classes, it does give students an opportunity to put theories of government into practice.

Miss Kangas, a junior at Grayling High School, is an "A" student academically. She has a well-rounded personality, which is readily demonstrated by her active participation in a variety of extracurricular programs during her high school years. A superior student in music, she is especially interested in both piano and vocal music. She has served as accompanist for the G.H.S. Choir, the Choralaires, the Singing Vikings, and the Band Festivals. The past two summers she attended the Central Michigan University Music Camp. For several years she has been teaching piano to a number of private pupils. She plans to major in music in college, looking forward to a career in musical, either as a teacher or professional musician.

A member of the International Thespian Society, Miss Kangas has appeared in the local dramatic productions, such as "Oliver," "The Bold Front," and "Cinderella." She is currently treasurer of the Viking Drama Club. She hopes to minor in speech in college.

In forensics, Miss Kangas has been an outstanding participant in both oratory and declamation. Last year she was our local champion in declamation, going on to win honors at the district and regional levels. Currently she is district champion in girls' original oratory and will be competing in Regional Forensics on April 14.

This year she is secretary of the Junior Class and has served as a member of the class executive board for two years. She is also secretary for the G.H.S. Viking Yearbook.

Besides her music, drama, and speech interests, Miss Kangas is an enthusiastic supporter of the high school team sports. Swimming and water skiing are her favorite participation sports.

Easter Card Party

Mercy Hospital Auxiliary is sponsoring an Easter Card Party at Higgins Lake on April 2nd. It will be held at 1:30 p.m. at the new Gerrish Town Hall. Dessert will be served and prizes awarded. The charge is \$1.00. Everyone is welcome.

Essays on Conservation

The following essays were written by the fifth grade Grayling Elementary School Science-Conservation Class students. These two essays were judged the most thought provoking and well written by their teacher, Mr. Mires. They are considered worthy of printing as a reflection of the concern today's youngsters have regarding the environmental problems at the forefront of our society today.

by Brian Harden

The idea behind National Forests is mainly that of protecting the sources of our streams. Wood plays an important part in our daily lives. It is, therefore, necessary to conserve this valuable product. If forests are cut away unwisely, water supplies are in danger. Floods are likely to follow. This does not happen to our National Forests. Nature is a great conservator. The roots of trees keep rain from flowing away at once. Little by little it is fed into the water courses. Shrubs and grasses also protect the soil. If there is no ground cover the soil is washed away. The Book of Knowledge says people are the major cause of losses of our forests. Forest fires are caused by careless people. A forest fire destroys not only the trees and land but also many animals.

Conservation means you use a thing but you are careful to not use it up. You can't keep taking from the soil without putting anything back. That is why farmers need to rotate their crops and fertilize the soil. If one crop keeps taking certain minerals from the soil these minerals need to be replaced by planting a different crop which will replace them. Or, they are artificially added by using fertilizer. Planting trees and shrubs on eroded hillsides will cut down losses of soil and also provide food and shelter for wildlife.

Conservation may be necessary to conserve some of our wildlife. Laws keep game animals from being over-shot. That is, they keep us from killing more than the surplus crop, making it possible for some animals to live for breeding stock to produce next years surplus crop. Game laws are an important part of game management. Game animals provide meat for our tables. Some fur bearing animals are very valuable. Their fur is generally used for women's fur coats and neck pieces.

Good clean water is also necessary for survival of our wildlife. Our lakes, rivers and streams are becoming so polluted that it is killing off much of our wildlife. It affects birds and other game animals as well as fish and other water living animals. Our factories have dumped wastes into the rivers which causes pollution. According to a television news broadcast, arsenic and other disinfectants are also a major cause of water pollution.

Conservation is the protection of animal life, the protection of our soil and forests, and the prevention and remedy of water pollution.

★ ★ ★

by Kurt Larson

Conservation is protecting our earth, our air, our water, our soil, and all of the living things from degradation. What can we do to prevent degradation of our natural resources?

I believe we must protect our water resources from degradation from pollution from industry, cities, runoff from farmlands and all overland runoff. I say we as citizens should take care in use of fertilizers and chemicals, such as DDT, in applying them so they will not be carried into our water systems. Perhaps overland runoff has caused greater water pollution than any other source. I feel everyone has a part in preventing water pollution.

I think we as citizens must take an active interest in stopping industrial and city sewage from being dumped into our waters. Without our interest pollution will continue to grow and will cost us more money each year. In the next 35 years at least one hundred billion dollars will be spent on water pollution, so says Dr. Frank L. Stanonis of the Petroleum Institute.

I think that pollution of our air must be stopped. Industrial and power plants must stop polluting our air. Perhaps the biggest polluter of our air is automobiles, therefore we must find a new method or means of transportation. I also think we must stop using gas containing lead because of the increased lead in our air, waters and soil. Our air must be protected because of its affect upon the ecology of our total system. That system is when man breathes in oxygen and exhales carbon dioxide, plants turn carbon dioxide into oxygen.

The pollution of our land must cease. The cost of soil erosion by wind and water is over one billion dollars a year (by Conservation News). Our streams and our lakes are becoming filled with silt. The chemical pollution of our soil is beginning to affect our water, our wildlife, our plants, and people. Therefore our land pollution must be stopped because of its affect upon our ecology. Our land is becoming one big junkyard. Each year we have 3.5 billion tons of solid waste which pollutes our land according to "The Public Health Service. Where are we to put the waste in future years? We must have disposable and reusable containers.

I feel we must develop parks, playgrounds, and wilderness areas without changing our natural environment. Our land must be protected now or our ecology will change for all future generations.

The pollution of our water,

our air, our land has already affected wildlife. Only through complete pollution control can we protect our wildlife and ourselves. What has happened to many extinct animals and birds through pollution can happen to our greatest resource, PEOPLE. I feel that we must have leadership in the home, in each locality, in every city, in our state and federal government and world-wide. The older generation is responsible for all of this mess by their own greed. We of the younger generation must look at our total environment, our water, our air, our soil, and our wildlife, and how to protect one and yet not affect another. This is what conservation means to me and our future.

BITS O' TALK

Mr. and Mrs. Mike Rinas of Okemos were expected at the home of Mr. and Mrs. A. J. (Tony) Nelson for the Easter weekend.

Mrs. A. J. Nelson entertained 10 ladies last Tuesday afternoon in honor of Mrs. Nellie Edwards birthday which fell on Good Friday. The guest of honor received many lovely gifts and the best wishes of her friends.

Mrs. Jack McClain spent last week here visiting her son, Gary, and also visiting her sisters and other relatives and friends.

Attend The Church Of Your Choice

Peas in a Pod?

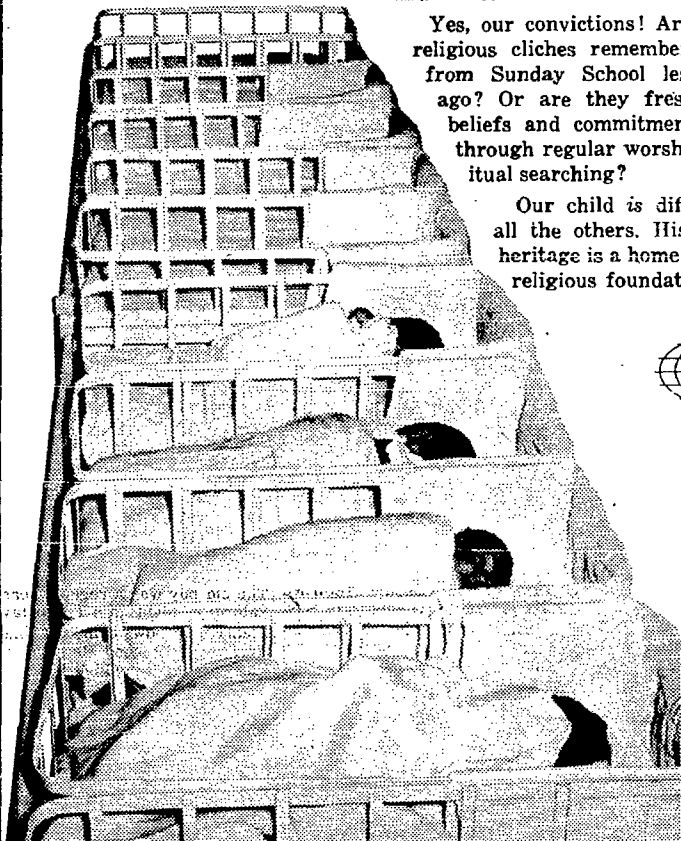

All men are created equal! But their mothers see it differently. And their fathers don't hand out cigars simply to attest to their part in the population explosion.

It's natural to believe that our child is just a bit different from all the others.

Surely he has our love to start him off, our good sense to guide his development and our convictions to mold his.

Yes, our convictions! Are they stale religious cliches remembered vaguely from Sunday School lessons years ago? Or are they fresh, vigorous beliefs and commitments acquired through regular worship and spiritual searching?

Our child is different from all the others. His immediate heritage is a home built on our religious foundation.

Council Proceedings

Special meeting of the City Council held Monday, March 23, 1970 at 7:30 p. m. in the City Hall.

The meeting was called to order by Mayor Derek McEvers at 7:30 p. m.

Councilmen present: McEvers, Thomson, Bovee, Forbes, Golinick.

Councilmen absent: None.

Also in attendance: Nelson Miles, City Attorney, Wm. Valusek, City Manager and Bernard Fowler, Grayling Township Supervisor.

Discussion was held regarding the law suit filed by Fred Greiner and Bruno Tassone (Penrod's Canoe Livery) against W. A. Porter, Contractor and the City of Grayling.

Other items discussed were: City Income Tax, Disincorporation, County Home Rule, Annexation, Roads and Bridges, Industrial Parks, and Land Fill.

The City Manager agreed to try to obtain a speaker on sanitary land fill and rubbish pick up.

Mr. Miles agreed to update some of the City Ordinances as soon as possible.

Moved by Golinick, supported by Thomson to send two police officers to the law enforcement program at Kirtland College next month and to apply to the Michigan Law Enforcement Officer Training Council for aid and adhere to the Council Standards.

Yeas: Golinick, Thomson, McEvers, Forbes.
Nays: None.
Abstained: Bovee. The motion carried.

Moved by McEvers, supported by Forbes to have pay Joe White, William Kucharek and Alva Annis the difference between Workmens Compensation and their take home pay until they return to work.
Yeas all, the motion carried.
Moved by Thomson, supported by McEvers to adjourn.
Yeas all, the motion carried.
The meeting adjourned at 10:20 p. m.
Derek McEvers, Mayor
William Valusek, City Clerk

Grayling, Michigan — Thursday, April 2, 1970

Fouling Our Own Nest

Environmental pollution is a people problem, as well as an industrial problem. While we demand that industry do something about polluting air and water, we should go a step farther and crack down on the individual polluters that number in the tens of millions.

The National Academy of Sciences in cooperation with the highway departments of 29 states has just completed a study. It shows a lot of people aren't nearly as concerned about pollution as they profess to be. Each month, American motorists drop an average of 1,304 pieces of trash on every mile of the nation's vast network of primary highways — nearly 16,000 pieces per mile each year. Paper items accounted for 59 per cent of total roadside litter. The rest was tabulated at 16 per cent cans, 6 per cent plastic items, 6 per cent bottles and jars, and 13 per cent miscellaneous.

The large miscellaneous grouping included tires, lumber and a variety of unclassified items ranging from hair curlers, underwear and false teeth to ice chests and washing machines. This is the work of a public that, judging by press accounts, is calling for instant solutions to all our environmental problems.

Interesting Events in Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

April 3, 1947

The Grayling Flying Service, owned and operated by Herbert and Clayton McDonnell, received its first plane on Tuesday of this week. It is a Luscombe two-place trainer ship. They have two more awaiting them at Saginaw, but will not bring them in until the snow melts. The first plane was equipped with skis in order to bring it safely to earth at Grayling Air Field.

A basketball squad made up of members from both the Legion and the Keggers independent basketball teams, left here Sunday to engage in a Tri-State Basketball Tourney at East Liverpool, Ohio. Those who went as players include: Roger Giegling, Carl Nielsen, Sandy and Ross Thompson, Ed Smith, Jim Kolka and George Hanson. Bill Sorenson and Bob Papendick accompanied them. Most of the men will return next Sunday, however, Kolka and Papendick will report to Cleveland for sailing orders on the Great Lakes for the season.

Another barber shop opened its doors in Grayling last Saturday, when Burton McWilliams began business at a location on Norway Street next to Duncan's Market. McWilliams, who operated a barber shop in Roscommon before the war spent three years in the army.

The Leonard Allison family has returned home after two weeks spent in Poland, Ohio.

Mrs. Forest Vincent and Mrs. Floyd Vincent entertained a Group of 20 boys and girls in honor of Barbara Lee and Duane Vincent's 11th birthday. Games were played and refreshments served. All reported a fine time.

Elder and Mrs. Merle Howard (nee Betty Newberry) of Midland arrived Sunday night for a few days' stay, before leaving with Elder and Mrs. Roy Newberry for the Conference at Independence, Mo.

Mrs. Leo Nelson and children were up Sunday, visiting her parents, the C. S. Barbers. Gene Kaiser accompanied by the Misses Joan Madill, Barbara Dunkley and Pat Dunkley, went to Detroit for a few days last week.

Mrs. Harold MacNeven and Mrs. E. P. Boothe returned last Thursday evening from East Lansing, where they visited the Larry Frymires. They were among those who had to prolong their stay because of the weather.

Mrs. Glen Day returned from Columbus, Ohio, last Friday where she had taken her son, Dennis, back to Ohio State University. Dennis had spent over a week with his parents.

Shirley and Betty Rasmussen are spending their spring vacation from Central Michigan College at their parental home. Miss Betty has as her guest a fellow student, Donald Orr. Einer Rasmussen is spending the week with his family.

Mr. and Mrs. Joseph Ledbeater of Vanderbilt have returned to their home. They have been visiting at the home of their daughter, Mrs. Byron Randolph. Mrs. Irvan Hamblin entertained the Home Extension Club last Thursday afternoon. Mrs. George Wilson was guest of honor and told us some interesting things about England, covering conditions before, during and after the war. Prizes were won by Mrs. Wm. Smith, Mrs. Robert Feldhauser, Mrs. George Wilson and Mrs. Ted Baynham. A light lunch was served by Mrs. Archie Howse and Mrs. Ted Baynham.

Mr. and Mrs. Bill Jensen of Roscommon spent Saturday at the Alfred Hummel home.

Mrs. Oscar Hanson, Mrs. Ella Wilcox and little Miss Nancy returned Monday from a visit in Saginaw.

Ray Snider of Chagrin Falls, Ohio, is here for the week, getting the Snider Canoe Livery (formerly Snider's) in readiness for the summer season.

Mr. and Mrs. Frank Bond and Mr. and Mrs. Roy Milnes expect to leave Friday on a week's vacation in the South.

Mr. and Mrs. Leo Koerper plan to spend Easter in Detroit and from there Mr. Koerper will leave for California to be gone two weeks.

Jack Bigham of Frederic had the misfortune of falling on some ice near his home, Saturday, and breaking his leg. He is confined to Mercy Hospital. He is the son of Mr. and Mrs. Wm. Bigham. Sunday Mr. Bigham's son Robert returned to his home after receiving a medical discharge from military service.

Richard Rasmussen expects to fly home from California April 5. He has been visiting his aunt, Mrs. B. L. Underhill and Mrs. W. J. Aberle and sister, Miss Laura and Mrs. James Ollivas in Los Angeles. Miss Laura will accompany him.

44 YEARS AGO —

April 3, 1924

The March lion was late in getting here this year, however, he came with all his fury last Saturday and didn't let up until April first made him out of date. The old boy was a regular beast Saturday night and Sunday. Plenty of snow came at that time to make good sleighing in town where all the highways had been bare before. The last few days have just about erased the evidence of his last attack and nature will soon make us forget it and all will be smiles again.

Miss Clara Nelson, who teaches school in Royal Oak, is spending the spring vacation visiting her parents, Mr. and Mrs. Lars Nelson.

Holger F. Peterson turned the post office over to Melvin A. Bates, April 1st, so that now it is Postmaster Bates again.

The Grand Rapids Herald made a number of comments on Grayling High School boys basketball team in their issues during the days of their basketball tourney at Petoskey, calling them the Grayling greenclads. In the first game of the tourney, McPhee won the honor of being one of the highest point getters of all teams that played that day, having succeeded in registering 10 points and receiving honorable mention. The Herald said, "A brilliant game of the second day was the Kalkaska-Grayling struggle, which was won by Grayling. The Grayling crew will be a hard one to stop in Class 'C' division, as they are a bunch of fighters who don't know the meaning of the word quit. Matson (Stanley) shone in the Kalkaska game, getting ten of the 26 points for Grayling. For his brilliant playing during the tourney he was chosen on the second all-tourney team, and it was said that he might have made the first team had he had a little more experience. He, with Cornell of Harbor Springs, were spoken of in the Herald, as 'mighty sweet players', having won the admiration of the crowds. In both the Charlevoix and Harbor Springs games, Grayling did not play up to their usual standard.

Those home from schools for the spring vacations are Margaret Douglas, Hazel Cassidy and Kristine Salling, from Ypsilanti, and Eleanor Shumam and Emerson Brown from Kalamazoo, and Miss Mildred Corwin from Central Normal.

Mrs. Floyd McClain, Mrs. Olaf Sorenson and Mrs. Rasmus Rasmussen celebrated birthdays during the past week.

A chimney burning out at the home of Mrs. Saloma Simpson last week Saturday noon, damaged some of the wall decorations by smoke. She was alone at the time and had a pretty hard time keeping it under control.

The children of the David Monour family were taken ill with scarlet fever Saturday and the home is under quarantine.

Memo from Merrily

By Merrily Baldwin
Extension Home Economist

A is for Apple Sauce, and April is National Apple Sauce Month.

Michigan is one of the four principal apple sauce processing regions in the U.S. The other three are the Appalachian area, to western New York State, and California.

Apple sauce is made from a blend of from two to five varieties of cooking apples. It adds moisture and texture to breads, stuffings, and cakes. Its sweet-tangy flavor is a refreshing complement to many meats, vegetables, and salads.

The first American apples were the fruits of seeds brought to this soil by early colonists. Apples have been a part of America's menu since those first seeds found suitable soil and climate. Processed apple products appeared on the American grocery store scene more than 50 years ago.

During April, try some simple apple sauce dishes: for lunch, split and grill frankfurters, and serve topped with warm apple sauce. For dessert, serve lightly sweetened apple sauce topped with a spoonful of orange marmalade with a pour-over of light cream.

Tree Sales Program Gains

Louise Sullenger
Publicity Chairman
Crawford-Roscommon SCD

Silky dogwood, a shrub which provides cover, shelter, and fall food for wild life, is being purchased in Crawford and Roscommon counties in increasing volume.

The shrub blooms in June with clusters of small, almost white blossoms. Blue fruit clusters ripen in September, fall foliage is bronze, and winter stems have a reddish-purple color.

The fruit is eaten by 11 species of birds including bobwhite, ruffed grouse and ring neck pheasant.

The shrub forms fairly dense thickets, has a high survival rate for this area, and grows to a height of four to five feet in five years. It is good for border

3 Crawford County Avalanche

plantings, wild life areas and on stream banks.

Other shrubs available through Crawford-Roscommon Soil Conservation district office are Siberian Crab and Highbush Cranberry. Wildlife packets which contain a variety of shrubs are also available.

Orders have already been taken for almost 40,000 trees in this second year of the district tree sales program. Red pine seems to be the most popular but white and scotch pine appear to be gaining in popularity. Northern spruce and white spruce trees are also in demand.

Descriptive literature and order blanks may be obtained by writing or calling the Soil Conservation office in the County Building in Roscommon. The telephone number is 275-5231. The mailing address is P.O. Box 156, Roscommon 48653.

NOTICE OF ANNUAL TOWNSHIP MEETINGS

Notice is Hereby Given That the Annual Township Meetings of the Electors of the TOWNSHIPS LISTED BELOW, COUNTY OF CRAWFORD, State of Michigan, will be held at the places indicated below, on

Saturday, April 4th
—:— 1970 —:—

TAKE NOTICE — Though laws enacted by the 1944 Michigan Legislature cancel the election in even-numbered years, the law stipulates that the regular Annual Township Meeting shall be held each year.

Some of the requirements set forth by statute concerning the Annual Township Meeting are:

SECTION 3007 — The electors of each election district in each township shall meet in the afternoon or evening at the polling place . . . and there transact such business as is usually transacted at Township meeting, by viva voce vote.

SECTION 1015 — All accounts audited by such (township) board shall be . . . produced at the next Annual Township Meeting and there ready by him (the clerk) if the same shall be required by the meeting.

WHO MAY VOTE — Section 1050: Each inhabitant of any township, having the qualifications of an elector as specified in the constitution of this state, and no other person, shall have a right to vote on all matters and questions before any township meeting.

CONDUCT OF MEETING — Section 1032: . . . The Supervisor, if present, shall be the moderator of the meeting, and if he shall not be present . . . the meeting . . . may elect a moderator.

SECTION 1033: . . . He shall decide all questions of order and make public declarations of all votes passed, and when any vote so declared by him shall immediately upon such declaration by him be questioned by seven (7) or more voters, shall make the vote certain by polling the votes, or by dividing the meeting, unless the township shall, by a previous vote, or by their by-laws have otherwise provided.

SECTION 1034: No person shall address the meeting before permission obtained of the moderator, nor while any person is speaking by his permission; and all persons at such meeting shall be silent at the request of the moderator.

SECTION 1035: If . . . any person shall conduct himself in a disorderly manner, and after notice from the moderator shall persist therein, the moderator may order him to withdraw . . . and on his refusal, may order the constables, or any other persons, to take him into custody until the meeting is adjourned.

SECTION 1036: Any person who shall refuse to withdraw on being ordered by the moderator to do so . . . shall for each such offense, forfeit a sum not exceeding twenty dollars.

CHALLENGED VOTERS — Section 1050: When any persons claiming the right to vote shall be challenged by a voter, the moderator shall proceed in the same manner as on challenges at the election of township officers.

IN ADDITION — A Hearing On The Proposed Budget Will Be Provided. A Copy Of The Proposed Budget Will Be On Hand For Inspection.

Training Course at Assembly of God
Understanding the Times of Christ is the textbook to be used by the Assembly of God Church in their annual workers training course which will be held on April 6-10. According to Pastor Clifford Molnar, the sessions will begin at 7:00 p.m. each evening.

Understanding the Times of Christ is the 1970 Workers Training Text prepared by the Workers Training Division of the National Sunday School Department of the Assemblies of God. It is designed to enable the average Sunday school and churchgoer to more fully understand the situations influencing Christ's life and ministry.

Mr. and Mrs. Howard Schmidt and family of Detroit spent several days at their cabin on K. P. Lake.

Mr. Art Collins was home over the Easter holidays from Cincinnati, Ohio.

Mark and Vern Hartman are enjoying a week of skiing in Colorado.

Mr. and Mrs. Tom Morris spent the Easter holiday with their daughters and families in Saginaw and Kawkawlin.

Mrs. Ruth Caldwell and Eddie and Todd Harwood spent the weekend with Bud Caldwell and family in Three Oaks.

Mrs. Evelyn Bates returned home this week after spending the winter with her daughter and family at Mt. Clemens.

Mr. and Mrs. B. J. Mundt of Lovells arrived home Monday after spending some time visiting their daughter at Midland and seeing their two new grandchildren.

Policyholder Questions Answered by the Health Insurance Institute, 277 Park Ave., N. Y., N. Y., 10017.

Q. I was operated on a couple of years ago for cancer and am very grateful that I apparently am cured. Now I'm wondering if this history will hinder me in getting a health insurance policy.

A. It's quite likely that you're either insurable now, or will be insurable. Today, over 100 insurance companies have policies that offer protection to persons with a variety of ailments including diabetes, heart disease, and even those who formerly had cancer.

You may, however, have to wait out a certain "recovery" time. Other factors in assessing your insurability would be the type of cancer, where it was located, and the length of time it has not reappeared. If you are interested in a policy now, check with your insurance man. He can obtain the information for you.

Q. My mother-in-law has been receiving Medicare payments regularly for the past year to help cover the expense of her illnesses — and so have many of her friends. My wife and I are paying the \$4 monthly charge for her to participate in this program and we were wondering how much was actually paid out last year?

A. The Federal government, through various insurance carriers, paid out about \$5.7 billion in Medicare benefits in 1968. This was an increase of 25.2 percent over 1967.

Under the voluntary part of the program, or "Part B," about \$1.5 billion was given to provide benefits for 80 percent of medical-surgical costs once the insured person paid the first \$50.00 deductible.

Under "Part A," the hospital portion of the Medicare program, about \$4.2 billion in benefits were paid out in 1968, a 24.6 percent climb over 1967.

The Secret The Whole City Kept

One must know the entire story to even imagine how such a happening could ever occur. 1962: It was early in the afternoon when a young man in his twenties, asked his new bride to take an airplane ride. She was skeptical — the ground was very solid and the air was not. As the day ended the airplane ride was completed and the new bride was very sure, no positive, that she would never set foot in an airplane again.

Years passed. The man moved his family from Manton to Grayling and continued his teaching career.

All were happy until he came upon the idea to fly to Florida for an Easter vacation. He pleaded, made reservations and was told, by the once young bride, "No, I just can't go!" In sheer desperation he offered to stop smoking in exchange for the trip.

How could any wife, in her right mind, turn down an offer like that? On the other hand, how could any wife in her right mind, consent to riding in a plane again? As fate would have it, the family and their baby-sitter went to Florida and the man stopped smoking.

Very shortly after this, the man joined forces with other men and formed the Kodiac Flying Club of Grayling. Mr. Stanton was secured as the instructor and the flying lessons began. The young woman watched from the ground!

Feb. 1970: An idea — if only she had the courage. Mr. Stanton was contacted and with the help of Peter Stephan (he kept the husband busy) she went for a very short, nervous ride. Soon, that ride led to the second, third, etc. If Joseph Stripe, Peter Stephan, Frazer Dean and Larry Gust had not been so gracious, these lessons would not have taken place. The young man (who claims now not to be so young) was kept busy for about one month as the wife's flying proficiency grew. During this time, he is trying to get her to go for a short ride and during this time, she is too busy.

As time passed, more people became involved; Grayling Air Inc., one member of the city police, the babysitter, friends, teacher, and seemingly everyone in Grayling, except the husband.

As the project progressed, the man became very suspicious and wondered what everyone knew that he didn't. As the secret end neared, he became aware that his wife had taken a few airplane rides.

On March 10, 1970, a hastily prepared dinner was held at his home. Mr. and Mrs. Peter Stephan, Mrs. Charles Kway, and Mr. Stanton (the instructor) were in attendance. Presented to the man was a red and white plane — labeled: March 10, 1970 — Solo Flight — Sandra Taylor. Howard Taylor was very much surprised to discover that not only had his wife completed her solo flight, but was the first woman to solo at the newly formed Grayling Air field.

This secret project for my husband could not have been accomplished without the complete help of many people. I wish to say a very sincere "Thank You" to you all.

from HISTORY'S SCRAPBOOK

DATES AND EVENTS FROM YESTERYEARS

Juan Ponce de Leon landed on the coast in the vicinity of St. Augustine, named the land Florida and claimed it for Spain, April 3, 1513.

The U.S. Coast Guard was established as Revenue Marine, April 4, 1790. An expedition left Fort Myers, Florida, for a three week journey through the swamps and jungles of the Everglades, arousing nationwide interest in the Tamiami Trail, April 4, 1923.

All 10 to 13 year old Germans were ordered to join the "Hitler Youth" movement, April 5, 1939. Wendell Wilkie withdrew as GOP presidential candidate, April 5, 1944.

Admiral R. E. Peary reached the north pole, April 5, 1909. The first Olympic Games were held in Athens, April 6, 1896. Television was demonstrated in New York City, April 7, 1927.

President Wilson revived the custom of addressing Congress in person, April 8, 1913. The first men were enrolled in the Civilian Conservation Corps, April 8, 1933.

Robert E. Lee surrendered to General Grant at Appomattox, Va., April 9, 1865.

MISS AMERICA JOINS FIGHT

Beautiful Pamela Anne Eldred of Birmingham, Michigan, crowned Miss America of 1970, holds the Sword of Hope—symbol of the AMERICAN CANCER SOCIETY—to remind everyone to support the Society's 1970 Crusade which raises funds for Research, Education and Service.

Automobile Accident Record High in 1969

The economic cost of automobile accidents during 1969 in the United States soared to a staggering \$16,582,000,000, the Insurance Information Institute reported.

Contributing factors in the record amount—a rise of \$2.3 billion over the 1968 figure—were increases in traffic fatalities, injuries and accidents.

The grim traffic statistics show 56,400 persons killed, 5,010,000 persons injured, and 22,025,000 accidents.

The tragic toll of death, injury and destruction on the nation's streets and highways represents an economic loss averaging \$328 for every family in the country, the Institute noted.

Surprise.

Triple-A announces incredibly low-priced life insurance. Now \$19 a year (plus a \$2 enrollment fee) can provide Auto Club members or their families with more life insurance coverage per dollar than ever before possible. Ask your Triple-A salesman about MemberLife... first of Triple-A's surprising new services for the seventies!

Spring Weight Limits In Effect Statewide

LANSING — Spring weight restrictions are now in effect on all seasonal state highways in Michigan.

Weight restrictions were recently imposed on seasonal state highways from the Indiana border north to M-55 and in nine western Upper Peninsula counties.

Normal legal loads are permitted on state highways designated as all-season routes. Most state highways, including freeways, are all-season routes.

The restrictions are expected to last through the period of spring thaws.

All truckers and transporters have been notified of the limits.

BITS O' TALK

Mr. and Mrs. John Wharf arrived home last Monday after spending the winter at Bradenton, Fla.

Memo from Merrily

By Merrily Baldwin

Extension Home Economist

Who is the most exacting shopper in Michigan? More than likely a man. His job is checking the accuracy of weighing and measuring devices in Michigan and often measures in fractions of ounces.

The job is performed on a state-wide basis by specially trained inspectors from the Michigan Department of Agriculture's Food Inspection division. Some cities and counties have their own sealer, but in areas where the local government does not, the job is performed by MDA inspectors.

Lauded by both consumers and businessmen as the silent partner in commercial transactions, the "minutemen" of the Michigan Association of Weights and Measures Officials are being recognized during Weights and Measures Week, March 1-7, as proclaimed by Governor William G. Milliken.

In his proclamation of Weights and Measures Week, the Governor noted: "Proper administration and enforcement in this area of government provide an impartial safeguard to the interests of all buyers and sellers of commodities and services to the consuming public in purchases of food, fuel and other necessities of life."

Sealers and inspectors of weight and measures check a full range of scales, from the smallest market produce scale to huge highway scales used to weigh trucks. In addition, they check such measuring devices as gasoline pumps and L.P. gas meters.

"These officials are always willing to help businessmen and consumers locate inaccurate or fraudulent devices," said R. M. Leach, acting chief of MDA's Food Inspection division and acting president of Michigan Association of Weights and Measures Officials.

Individuals with questions or requests for weights or measures can reach a qualified sealer by writing or phoning the Michigan Department of Agriculture, Food Inspection Division, Lansing, Michigan 48913.

Mr. and Mrs. Larry Gust and Paul were in Traverse City Thursday morning going for an eye appointment for Paul. Mrs. Gust, Paul and Mark planned to leave Friday to visit her sister and family, the Reggie Ashons, in Bridgeport. Larry and Mr. and Mrs. Clarence Gross planned to go down Sunday morning and all return Sunday evening.

Orders are now being taken for Cemetery Markers and Monuments for Memorial Day. Your patronage appreciated. Contact - Carl Hanson, Grayling, Mich., Phone 348-9141.

The Bunco club met Wednesday, March 25, at the home of Mrs. Leo Hawkins. High score went to Mrs. Walt SanCartier, and second to Mrs. Bud SanCartier. Mrs. Ernie Larson held third high. There were two guests for the evening, Mary Willacks and Mrs. Ernie Larson. The next meeting will be on April 8 at the home of Mrs. Leonard Wilkins.

John Canfield is the proud owner of twin calves, born last week on the Tony Nelson farm in Beaver Creek. One is a male and the other a female.

Mr. and Mrs. Everett Williams entertained for Easter their niece and husband, Mr. and Mrs. Don Lyon, of Bloomington, Ind. Guests also were Mr. and Mrs. Robert Anderson of the University of Indiana.

CANCER PATIENTS IN THE SPOTLIGHT

The American Cancer Society has long been a leader in cancer research. Now it is focusing more directly on the needs of the patient who is currently suffering from cancer.

For the first time, the Society has appropriated \$1,000,000 for a national program of clinical investigation to help cancer patients. The program is designed to speed research findings to the patient.

The ACS also has major programs to help rehabilitate persons who have had major larynx and breast surgery. The "Reach to Recovery" program sends women who have had successful breast surgery into hospitals to help recent mastectomy patients. Through its support of the International Association of Laryngectomies, the ACS helps thousands of persons who have lost their voices to cancer to speak again.

Now, the Cancer Society plans to extend aid to other groups of persons who have undergone treatment for cancer. It is an ambitious program, a program with heart, as important as the work being done in countless laboratories worldwide.

Richard Skolasky Is Promoted to Spec. 5

FT. HOOD, TEXAS (AHTNC) Feb. 13 — Richard L. Skolasky, son of Mrs. Stella Skolasky, Rt. 1, Grayling, was promoted to Army specialist five while serving with the 2nd Armored Division at Ft. Hood, Tex.

A tank driver with Company C, 2nd Battalion of the division's 67th Armor, he entered the Army in June 1966 and completed basic training at Ft. Knox, Ky. He was last stationed at Ft. George G. Meade, Md.

His wife, Marie, lives at 431 N. Luzerne Ave., Baltimore, Md. The promotion was made Feb. 2.

Lake Board Needed For Battin Drain

By Willard Bosserman

County Extension Director

Regardless of what the court decides about the Battin Drain, some action must be taken which will take into account all of the problems of the Battin Drainage Basin.

The court is only considering the legality of relocation or putting in the drain from the lake to Magnolia Street. The decision will not solve the problem of flooded lots during snow melt and heavy rains. It will make no provision for holding some of the water back in the swamp so the total amount of discolored water will be reduced.

These problems will have to be taken into account by the Higgins Lake Improvement Board which is in the process of being organized.

The board will be composed of representatives from the County Board of Commissioners, each township surrounding the lake, the Department of Natural Resources, and County Road Commission. This representation involves most of the interested groups except the property owners association.

It should be possible to work out a program that will be acceptable to all parties concerned. A question of who pays for the improvements always arises. The lake improvement board has the authority to organize special assessment districts for this sticky little problem.

Public hearings must be held so the people involved can learn of the proposed plans and approximate cost.

If the plans are approved assessment rolls are prepared. More public hearings must be held so people can find out what the assessment will cost them and register protests if they so desire.

Lake improvement boards are organized under Act 26 of P.A. 1969.

Twilight Twirlers

The Twirlers have had bake sales the past couple of Saturdays and will have more the next two Saturdays downtown on Michigan Avenue. The proceeds from these sales are being used to buy uniforms, trim and jackets for the uniforms.

They will be having a jewelry sale of Jubilee jewelry at the home of Mrs. Lippard on Saturday, April 11 from 10 a.m. until 5 p.m. The girls presently have 15 uniforms and need about 35. They are making jackets to wear with the uniforms on chilly days. The girls greatly appreciate the work of Doug Zill in designing the double T they are putting on the front of the uniforms and backs of the jackets. They will be on display at the bake sales.

Work is progressing on preparations for the Trout Festival which is to be held in Kalkaska on the 25th of April. We hope to take a good size group this year. Arville Stephan, reporter

CARD OF THANKS

I wish to thank the Boy Scouts of Troop 76 for their first aid and assistance in getting me to the Hospital on Monday, March 30.

Keith Ryther

Services Thursday For Howard B. Santure, 62

Howard B. Santure, 62, passed away at Petoskey on Sunday, March 29. Funeral services are to be held Thursday morning at 10 o'clock from St. Francis Xavier Church in Petoskey. Burial will be in Greenwood Cemetery. Rosary will be recited Wednesday evening at 8. Arrangements were made by the Stone Funeral Home, Petoskey.

Mr. Santure was born April 30, 1907 in Ypsilanti. He attended Ypsilanti schools and worked for Michigan Bell Telephone Co. in Detroit, Ann Arbor, Plymouth, Monroe and Ypsilanti. He was in charge of the Michigan Bell Telephone school in Detroit for 19 years.

He was a member of Wolverine Chapter of Pioneers of America.

He married the former Cecil E. Mills in Monroe on October 24, 1929. When he retired on May 1, 1967 they moved to Grayling but had been living in Petoskey since last November.

Survivors include his wife; one son, Richard of Petoskey; two grandsons and one brother, Ernest of Whitmore Lake.

Grayling Student In CMU Drama Cast

By Phil Schneider

MT. PLEASANT — Dane E. Madsen, Grayling junior, is one of six cast members in the Central Michigan University Children's Theatre production of "The Enchanted Cat."

Madsen and other members of the cast are expected to perform before an estimated 9,000 elementary age school children on the CMU campus and at elementary schools in Greenville, Merrill, Hastings, Carrollton and Saginaw.

Madsen is a member of Alpha Psi Omega drama honorary, and a speech major on the secondary education curriculum at CMU. He is the son of Mr. and Mrs. Howard D. Madsen, 404 Ionia, in Grayling.

School Board Minutes

The March 9th meeting opened in the high school gym. Mr. Pettijohn read a communication to the board, and a group of approximately 125 citizens concerning a group of students and two teachers who have formed a group calling themselves "Students for Action." Many citizens expressed their thoughts and beliefs concerning the methods and motives of teaching, employed by Mr. Kramer. Dr. Henig then addressed the group explaining the board's knowledge and action taken, involving Mr. Kramer's methods of teaching and his philosophy as applied in GHIS.

The board moved to the administrative offices to continue the meeting. A long discussion continued about the subject in the gym. After a short recess the board resumed its business by moving to compensate Mr. Bovee for the balance of the school year for his extra services of taking over most of the 2nd floor duties of Mr. Fenton. Bus bids were opened: Thomas \$4294.64/unit, Superior \$4324.00/unit, Bluebird \$4520.00/unit, Wayne \$4490.00/unit, Ward \$4193.00/unit.

Bus chassis bids: Ford \$4440.27/unit, Chevrolet \$4313.00/unit.

The board requested Pat Harwood to go over the specifications and report.

The tentative 1970-71 calendar was presented. A letter from St. Mary's was read. A letter to our ski coach from an interested visitor to Bear Mountain was read. The invoices were approved for payment and the board recessed at 11:00 p.m. to resume March 10, 1970 at 7:30 p.m.

The meeting continued March 10 in the high school offices with all present. Teacher recommendations for next year were presented to the board and any in question were discussed.

Mr. Stripe informed the board of plans to separate the office space to give Mrs. Milliken more privacy for her work and to hire an assistant for her.

The motion was passed unanimously to suspend Mr. Kramer. Also a motion was accepted not to rehire Mr. Kaldahl for the 1970-71 year. We discussed extensively the possibilities for additional space for 70-71. The meeting adjourned by mutual consent at 9:30 p.m.

Patricia Fowler, Sec'y

RECEPTION HELD FOR CRAMTON

Midland friends held a reception at the Holiday Inn Sunday afternoon for Louis K. Cramton, candidate for the Republican nomination for state representative from the 103rd legislative district.

Cramton compared his campaign prospects this year with how things added up at the beginning of his campaign in 1968. Good acceptance of his candidacy by community leaders in areas not reached by Cramton in the earlier, shorter campaign is very encouraging according to the candidate.

Cramton also briefly discussed campaign promises — saying he was making only those promises he knew he would be able to keep: (1) he will answer all letters promptly and with straight forward statements, (2) he will work full time at the job to give the district responsive representation and (3) he will make himself available to the people in every part of the district.

He was introduced by R. A. Hickman, past GOP finance chairman for Midland County. Hickman indicated Cramton knew the job, the district, and the problems and could be counted upon to give the 103rd district quality representation.

The 103rd district is made up of Gladwin, Roscommon and Crawford counties plus half of Midland County and all but McBain and Richland township in Missaukee county. The Primary election will be Tuesday, Aug. 4th.

Richard L. Heiny, finance chairman for the Cramton for State Representative Committee, outlined the areas of expenditure needing contribution support and accepted pledges.

Texaco's new Havoline Motor Oil

HAVOLINE
ALL TEMPERATURE MOTOR OIL

10W-30

keeps your engine from wasting money because it stops deposits best

Engine deposits waste your money. They steal power and gasoline; cause excessive wear that can mean expensive repairs.

Texaco's new Havoline Motor Oil stops deposits best. Texaco proved it in over 420,000 miles of grueling road tests against other leading motor oils.

Next oil change, make a change to new Havoline. It's the finest engine protection in the world! Drive in soon.

Trust your car to the man who wears the star

DEFINITION OF A NURSE	
Ken Chappell thought this was worth reemphasizing:	
A witty and urbane type, John Fisher, associate director of the United Foundation, went all serious when he gave the nurses at a staff education meeting of the Oakland County Department of Health his definition of a nurse.	
"A nurse is mercy. A nurse is compassion. A nurse is warmth, comfort, concern and a great helping of hope."	
"She is the symbol of love, charity and the faith that is so necessary, not only to the afflicted, but to all of us who must continue to struggle. A nurse is the highest embodiment of man's spirit and tradition."	
"She inspires trust. She replaces doubt with confidence, fear with courage and pain with blessed relief. By her mere presence, she dispels darkness and despair. She is the vision of all we need to sustain us in our agony."	
"She is light, sympathetic and understanding. She pacifies us, calms us and refreshes us. To the terror-stricken, the nurse brings tranquility; to the disturbed, rest."	
"A nurse is strength, sustenance and help. A nurse, then, simply, is a nurse."	
Ken would like at this time to pay tribute to the Doctors and Mercy Hospital Staff for the wonderful treatment he received through his difficult time and also thank the many friends for flowers and cards.	

BITS O' TALK

County students got an early start on Easter vacation when schools closed at 10:30 Thursday morning due to the spring snowstorm.

Gretchen and Candy Henig spent Easter vacation at home from college at Valparaiso, Ind.

Last Tuesday's duplicate bridge game was won by Charles and Lucille McNally. Joe and Olive Van Leuwan of Gaylord were second and Mary Cecil and Cathy Mason third. The game is open to all and anyone wishing to try it will be helped to learn the simple mechanics. It is held every Tuesday at 7:30 at the County Building.

Orders are now being taken for Cemetery Markers and Monuments for Memorial Day. Your patronage appreciated. Contact - Carl Hanson, Grayling, Mich., Phone 348-9141.

Cornell Realty welcomes to Grayling Ed LaSota and wife Linda, who have recently purchased the Leitner property in Karen Woods. Mr. LaSota is Food Service Director at Mercy Hospital. They have one son, Lane, who is five years old.

Guests of the John Canfields over the Easter weekend were Mr. and Mrs. Ben Canfield and children of Inkster, Mr. and Mrs. Clyde Hatch and children of Leslie; also Mr. and Mrs. John W. Canfield and children and Mr. and Mrs. Dan Canfield, all of Grayling. Sandy Canfield has gone to Saginaw to visit her cousin the Bob Canfields for Easter vacation. Marcia Canfield and friend, Alice Anderson returned to Wayne with the Ben Canfields to spend their vacation there.

Mr. and Mrs. Wayne Loper and family of Grand Rapids spent from Friday to Sunday visiting with the Charles Hoopers.

Mr. and Mrs. Vivan Campbell had as their guests for Easter, Mr. and Mrs. LeRoy Campbell and family of Alpena, Bertha Davis, Mr. and Mrs. James Shepler and family, and Mr. and Mrs. Edwin Hartig and family of Grayling.

Mr. and Mrs. Vivan Campbell had the opportunity to see the new comet on Good Friday at about 5:30 in the morning. They were snowed out of the area of Ted McEvers, State Farm insurance office and upon looking toward the north easterly part of the sky saw this large silver ball with a tail in the sky. They report that it was visible until about daylight.

Mr. and Mrs. Arnie Mauren spent the weekend visiting their daughter and husband, Mr. and Mrs. Jack Hall in Pleasant Lake and also Mrs. Mauren's mother, Mrs. L. Lezatte in River Rouge.

SP/4 Rex K. Shepard is now home from RHN Radio Station, Germany, having received his discharge from the Army. Rex spent the past 18 months in Germany, 17 of them as a radio operator at the radio station. He is the son of Mr. and Mrs. Kenneth Shepard of Leslie Drive.

Mr. and Mrs. Shepard drove to Lansing on Thursday, during the snow storm, to pick him up at the airport there.

HELP IS VITAL

A crisis has arisen on the home front, one involving every American.

The affluent society can point to high pay, color television sets, new cars—but the sad story is that lack of government funds is threatening many vital health services.

Not only is spending for research into disease being curtailed, the American Cancer Society points out, but also money for services to persons in hospitals and in their homes.

A leveling off of Federal spending will cut sharply into the Government's research and health programs.

These factors have placed a huge burden on voluntary health agencies, such as the American Cancer Society. More and more demands for their assistance, in research, in services, are coming.

So, more than ever before, there is need for public support for our health agencies.

The private health agency is an American phenomenon—and one which plays an ever-important role in our lives.

Seven Attain Honors List at Central Michigan

MT. PLEASANT — A record 1,720 students have been named to the scholastic honors list for the 1970 fall semester at Central Michigan University while 171 students have been honored for achieving straight "A" averages for the semester.

To be eligible for the scholastic honors list, a student must have a cumulative average of "B" or better for his entire college career. The straight "A" list is based on fall semester grades only.

Included on the fall semester honors list are students from 81 Michigan counties, 10 states other than Michigan and one foreign county. Only 18 of the 1,720 honors list students are from outside Michigan.

The 1,720 students named to the scholastic honors list were among 12,883 enrolled at the University for the semester which ended Jan. 23, 1970.

Among the students receiving all A's for the semester was Dane Eric Madsen, son of Mr. and Mrs. Howard D. (Whitey) Madsen, 404 Ionia, Grayling. He is a junior.

Six other Grayling students were named to the scholastic honors list, having a cumulative average of B or better. Included are the following:

Dorothy Lynn Elsey, a junior, daughter of Mr. and Mrs. Raymond W. Elsey of 405 Evergreen.

Marjorie E. Johnson, a sophomore, daughter of Mr. and Mrs. Lyle E. Johnson of 503 Elm.

Mrs. Jack Jones (nee Catherine F. Forbes), a senior, daughter of Mr. and Mrs. James Forbes, 900 Maple.

Victoria Scheer, a sophomore, daughter of Mr. and Mrs. William Scheer of Route 1.

Thomas E. St. Germain, a senior, son of Mr. and Mrs. Thomas St. Germain, 308 Kerry.

John H. Wilson, a freshman, son of Mr. and Mrs. Jack Wilson, 118 Barbara.

10 Crawford County Avalanche

MERCY HOSPITAL
Patients at Mercy Hospital this week include Mona Failing, Don Gothro, Sally McNamara, Phil Myers, Rose Wilcox and Dorothy Hill of Grayling and Ruby Hopkins of Frederic.

CARD OF THANKS
I wish to thank Dr. Henig, the nurses and staff at Mercy Hospital for the excellent care I received during my stay there. Also thanks to friends for cards, letters and visits and their prayers, and to Rev. Frederick and Rev. Olin for visits.
Arthur J. Wakeley

"If It Fitz ..."

The Joys of Married Life

By Jim Fitzgerald

About this marriage business ...

What I like about 11-year-old boys is that they are so full of wisecracks it is only the miracle of parental love that keeps them from getting belted in the chops every hour on the hour. Eddie asked me why we always stayed at a certain motel when he preferred a fancier one across the street. I explained it was because the lesser motel was willing to trade accommodations for newspaper advertising, thus saving Dad some of his precious cash.

"Gee Dad," said the wisecracker, "you are all wallet."

Boy.

What I like about 13-year-old girls is that they can throw a gimme-gimmie fit while merely driving past the future site of a Hudson's Dept. Store. "Just think of all the clothes they'll have that will fit me," Christy said, grasping for her mother's charge-plate.

What I like about both 11 and 13-year-olds is that they have the innate decency (and greedy wisdom) to laugh at their father's awful jokes. For instance ...

For some unknown reason, Eddie said there were a lot of Jacks in his grade. Christy said it was strange, but she'd never had any Jacks.

Immediately, a picture popped into my mind. I saw a little girl sitting on the floor. She was bouncing a ball and, between bounces her right hand clutched for something on the floor. She was obviously trying to pick something up, but there was nothing there.

No Jacks.

In all immodesty I'll confess that this picture made me laugh so hard I fell to the floor and cried. And when I described the jackless scene to Eddie and Christy, they laughed too.

A father can't ask more of his kids.

What I like about middle-aged wives is that they give middle-aged husbands something to gripe about, thus taking our minds off the milk bill. An example:

Steady readers (hello Mother and Aunt Madeline) will recall that our family has long owned two cats, to my great grief. There's one cat for each child and their names are interchangeable, Mine and Yours. But would you believe there is now a third cat? It's a stray Persian that stopped by weeks ago and won't leave. It is named Outside simply because, when I come home, the call goes through the house: "Her comes Dad, better get that cat outside."

My wife said she couldn't understand why stray animals keep moving into our home. While picking cat hairs out of my soup, I asked her if she didn't think maybe it was because she always fed them and fixed them a warm place to sleep. In all seriousness, she explained her formula for handling stray cats.

"I don't really want them to stay so the first two days I don't feed them. After that, I have to feed them or they'll get so hungry they'll go away," she said. Honest.

What puzzles me is how all the cats in town have learned about her two day test. I think there's a Cat Newspaper which regularly carries full page ads telling how to get to the Fitzgerald house and how to behave when you get there: "Lick the kids' noses, snuggle in the lady's lap, avoid the old man, and bring enough food for two days. After that you're in."

The other morning Outside wasn't where it belonged on the porch. My wife reluctantly agreed this was probably a good thing because three cats are really too much, especially when the Master of the House hates cats.

But a little later I came home unexpectedly and there was my wife, walking around the neighborhood, looking under bushes and in the neighbors' garages. She was searching for that stupid cat.

And she found it and brought it home.

It was fun being a bachelor but I'm glad I got married. It's a lot more laughs.

If you can keep from crying.

Bit by bit ... every litter bit hurts!
